

Champaign Centennial High School Athletics

Brian Easter, Athletic Director
Justin Barnhart, Assistant Athletic Director
Donna Mackey, Administrative Assistant

October 12, 2011

Families of Student-Athletes:

As our fall sports teams begin to approach the end of their regular seasons, I would like to let you all know how impressed I am with your athletes and their hard work this year. Both your child's dedication and your support have contributed to the success of our programs. With a few teams in post-season competition thus far, Centennial is already making a strong showing in both conference play and the IHSA state series. It is clear that many other teams are on the verge of doing great things as well... As I am sending this, the boys' golf team is a day away from competing at the state finals!

We look forward to celebrating the success of all of our programs with you at our Fall Sports Awards Night on Sunday, November 13th. This awards night is designed to showcase the achievements of all of our fall sports together. It provides a chance for the athletes and parents to get a glimpse of the talented students we have in all of our programs.

The evening will begin at 7:00 in the gym, highlighting all of the teams and their success throughout the season both in athletic competition and academics. The teams and their families will then take the opportunity to meet separately throughout the building to hand out team awards and recognitions. Please see to it that your athletes are in the gym by 6:45 p.m. on this night to ensure that we can begin the processional at 7 p.m. sharp. Thank you for all you do to help support Centennial and your athletes.

Sincerely,

Brian Easter
